DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with MR. Kenneth Ohriner on 06/03/04.

The application has been amended as follows:

Claims 122-130 have been cancelled.

In claim 121, line 1, "98" has been changed to read "120".

2. Claims 98-100, 102-106, and 119-121 are allowed.
3. The following is an examiner's statement of reasons for allowance:
The prior art of record failed to teach a method for cleaning a semiconductor wafer comprising rotating a wafer in a processing chamber; spraying a surface of the wafer with a heated aqueous solution to form a thin aqueous film thereon and simultaneously providing ozone gas into the

processing chamber in an amount sufficient to create an oxidizing effect on the surface of the wafer to oxidize contaminants thereon; and removing oxidized contaminants from the surface thereof as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
